Unser Tipp / Our tip:

40 Jahre Kampnagel: Drei Wochen feiern wir Geburtstag mit Ihnen, u.a. mit Peaches (06.10.), She She Pop (07.-09.10), José Vidal (07.-09.10) und vielen vielen mehr!

LIFE: LIVE!

Lucy McCormick, die derzeit vor allem mit ihrer Hauptrolle als Cathy in Emily Brontës Klassiker »Wuthering Heights« am National Theatre in London von sich reden macht begeistert auf internationalen Festivals schon seit vielen Jahren mit ihren eigenen Performances, die sich selbstbewusst irgendwo zwischen feministischer Comedy, Nachtclubintervention, Musical und Performancehappening verorten. Mit LIFE: LIVE! präsentiert Lucy bereits ihre dritte Show auf Kampnagel. Diesmal präsentiert die Nu-Pop-Ikone ein subversives, mitreißendes Pop-Konzert-Spektakel: LIFE: LIVE! ist die Eigenbau-Version eines Stadion-Konzerts, in der Tanz, Spoken Word und Musik sich mit den ebenso schrägen wie spektakulären und dabei absolut arenatauglichen Live-Visuals von Morven Mulgrew zu einer immersiven Gesamterfahrung verbinden. McCormick hat das Musikalbum für diese fulminante Show geschrieben, die den Spagat spannt zwischen Ruhm, Selbstfürsorge und Erlösung.

“A BALLS-TO-THE-WALL SKEWERING OF THE MISOGYNY AND EXPLOITATION THAT UNDERPIN POPULAR CULTURE” The Guardian

LIFE: LIVE!

Lucy McCormick makes nightclub interruptions, cabaret interventions and extravaganza theatre shows, marrying interests in absurdity, feminism and the grotesque. Her practice is cross-genre, taking inspiration from theatre, performance art, comedy and dance. Her debut show Triple Threat (2019 at Kampnagel) established Lucy's practice as one of the UK's most stand out new voices in experimental performance and toured to 31 venues around the world. It was awarded the Take Me Somewhere Brick Award, Best Performer at Dublin Fringe, nominated for a Total Theatre and Off West End Awards, was in the The Guardian's top 10 comedy shows of 2016, and was included within showcases at In Between Time (Bristol) and PUSH (Vancouver). In TRIPLE THREAT (2020 at Kampnagel) show, Lucy attempted to retell the story of the New Testament, taking on all the lead roles herself with the help of backing dancers, pop ballads and absurdist art.

Her new show Life: LIVE! is a subversive, immersive, pop concert spectacular imagined by nu-pop sensation Lucy McCormick, and her electrotrash Girl Squad. Featuring shonky-spectacular, stadium-chic live visuals created with artist Morven Mulgrew, and an album of original music, Life: LIVE! straddles stardom, self care and redemption in a hilarious, crumbling, musical extravaganza.

“Lucy McCormick has the moves of Beyoncé, the lungs of Christina Aguilera and the morals of a punk iconoclast.”
